**SUBJECT/PROJECT NAME:** Proposed Five-Year  
Aviation Capital Improvement Program

**Agenda Item No.:** 3

**Meeting Date:** 11/09/05

**Staff Contact:** Chris Read

**Phone:** (480) 312-2674

## **INFORMATIONAL**

Staff will provide an overview of the proposed Five-Year Aviation Capital Improvement Program.

## **PURPOSE**

The Aviation 5-Year Capital Improvement Program provides a basis for controlling expenditures for the acquisition of significant aviation assets and construction of capital items at Scottsdale Airport. As part of the annual budget process, this is one of several steps. Following this action during next month's meeting, the program will be reviewed by the CIP Construction Review Team and CIP Advisory Team before final adoption by the City Council. The program is developed and updated annually.

## **KEY CONSIDERATIONS**

- All recommended aviation capital improvements will be funded by the Aviation Enterprise Fund, federal and state grants, which will not result in an impact to the General Fund.
- Guidelines for determining capital projects are: a relatively high monetary value (at least \$25,000); long life (at least five years); and result in the creation of a fixed asset, or revitalization of a fixed asset.
- The proposed adoption date by the City Council is June 2006 for implementation on July 1, 2006.
